

VORTEX

Schwalm.
It's not just
a cutter,
it's so much

MORE

Check out Schwalm's durability
and versatility in the sewer!

Whether you have a small or large diameter pipe, the Schwalm Talpa series offers two best-in-class robots ready for action. For added flexibility, simply attach one of the many tools and let them get to work.

Talpa 2060

PIPE RANGE: 8"-24"

- Cleaning
- Prepping
- Cutting
- Plugging
- Patching

Talpa 1330

PIPE RANGE: 6"-12"

- Cleaning
- Prepping
- Cutting

Turn your Schwalm into a sewer rehab machine!

In addition to Schwalm robots easily integrating with most CCTV systems, you can add these tools and turn it into a multi-functional sewer rehab machine!

BALL CUTTER

The cutting action of liner CUT Pro tooling is provided by a PCD cutting edge which is tailor-designed for use on CIPP liners. This tooling is engineered to provide highly effective and virtually vibration-free cutting performance.

- CIPP
- PVC
- Opening of laterals and inlet lines

ROBO SMART SPIDER™

Descale fragile pipes with ease with your multi-use robot. It's also gentle on brass connections in water mains. Available sizes: 6" & 8".

RIPSAW™ ROTATING TURBO NOZZLE

For precision cleaning of mainline pipes, especially when roots and deposits need to be removed, the Ripsaw attachment is the solution.

CHISEL

Chisel through obstructions, like concrete, with ease. The vibration-cushioned clamp enables chiseling with minimal shaking. Designed for the Talpa 2060.

ROBO SMART CUTTER™

Grind away seams, welding beads and other inconsistencies in the pipe quickly and easily. Available sizes: 6", 8", 10" & 12".

PLUGS

Remotely install compression plugs for either permanent or temporary flow stoppage.

- Tightly seal lateral connections from the main, robotically
- Available sizes: 2", 3", 4" & 6"

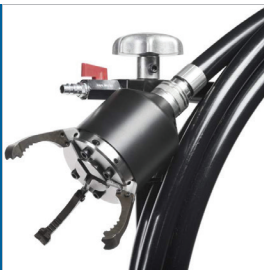

ROBO CYCLONE™

The Robo Cyclone™ attachment makes pipe cleaning and grinding a breeze. Available sizes: 6", 8", 10" & 12".

DISC GRINDER

Remove excess material or cut metallic objects into pieces. Powered by compressed air, disc grinders deliver 12,000 RPM.

ROBO GRABBER™

Add grabbing capability to your robot. Remove items from hard-to-reach places. Grabs and holds up to 77 lbs. Available sizes: 6" or larger pipes.

MUSHROOM CUTTER HEAD

Works in reinforced concrete, cast iron and vitrified clay pipes.

- Easily remove protruding laterals
- Perfect for surface grinding and milling
- Designed for milling of offset socket transitions
