

REBUILD INFRASTRUCTURE. BUILD A CAREER.

DO WORK THAT MATTERS

Join a team that's protecting communities coast to coast, and offering meaningful and profitable career opportunities. At Vortex Companies, we don't just fix failing infrastructure, we keep daily life flowing for millions of Americans.

GET IN THE VORTEX

Vortex is the fastest growing trenchless water and wastewater technology company in America, specializing in solutions that restore infrastructure with minimal disruption and digging.

These projects demand precision, planning and bold thinking, and we take pride in our commitment to quality and safety. Joining the Vortex means kicking off a stable career with a company that is playing to win in a growth industry.

WE WIN BIG

We are actively hiring for roles at all levels, including:

CCTV Operator, CDL Laborer, Construction Foreman, Project Manager, EHS Safety Coordinator, and so much more!

- Opportunities for entry-level applicants to seasoned construction pros
- Locations across the U.S.
- Competitive pay and benefits package

WE'RE HIRING PROJECT MANAGERS!

Ready to own the job? Vortex empowers our project managers with the resources and support to lead. We're seeking experienced Project Managers to oversee construction, industrial, and municipal rehabilitation projects, with a focus on field operations, crew management, scheduling, and project financials.
